*2-year warranty only applicable to genuine accessories. Special conditions apply to accessories developed with Honda partners. Ask your local Honda dealer for more information.

CBR FIREBLADE

Image shows motorcycle prepared for track use (not available for delivery in this form). Road motorcycle includes indicators, rear view mirrors and number plate.

ACCESSORIES

CBR1000RR-R / CBR1000RR-R SP

The Blade that changed how bikes were built.

Aiming to create a high-performance motorcycle that could defeat its own RVF750 in Endurance Road Races, Honda developed an R&D project that led directly to the CBR900RR in 1992. With 128 HP, it was not the most powerful of its time. However, thanks to a dry weight of 185 kg when all rivals were well over 200 kg, the first Fireblade, soon nicknamed “Blade” by owners, was so easy to control that it seemed to read its rider’s mind.

More than 30 years later, the most powerful and nimble Honda bikes keep carrying the Blade legacy.

The CBR900RR Fireblade that started all.

PERFORMANCE & DESIGN

HRC OIL FILLER CAP

08F81-MKR-D10

Made of high-quality, precision-cut aluminium, this red anodized filler cap displays on both sides a laser-etched HRC logo. The inside has been hollowed out to both increase strength and reduce weight. For circuit riding, the cap also features the same wire-lock hole used on HRC works machines.

CARBON UNDER COWL

08F73-MKR-D10

The Carbon Under Cowl is made from the same lightweight, high-strength 3K pre-preg carbon used on the RC213V-S. In addition to reducing the weight of the Fireblade RR-R, the intense matt finish increases the Racing appearance. Same shape as the standard part but moulded in one piece and 25% lighter.

CARBON FRONT MUDGUARD

08F71-MKR-D10

Made from the same lightweight, high-strength Carbon Fibre used on the RC213V-S, this Carbon Front Mudguard reduces the Fireblade's unsprung weight. Same shape as the standard part but 38% lighter.

CARBON REAR HUGGER

08F70-MKR-D10

Made from the same lightweight, high-strength Carbon Fibre used on the RC213V-S, the Carbon Rear Hugger reduces the Fireblade's unsprung weight. Same shape as the standard part but 10% lighter.

REAR SEAT COWL

08F75-MKR-D10ZA / 08F75-MKR-D10ZB / 08F70-MKR-D90ZA

Make your Fireblade a race bike look-alike with this stylish Rear Seat Cowl that also reduces the bike's weight by 120 grams

3 colours available:

- 08F75-MKR-D10ZA: Red *R380*
- 08F75-MKR-D10ZB: Black *NHB01*
- 08F70-MKR-D90ZA: Blue *PB395M*

QUICKSHIFTER

08U73-MKR-D10

The Quickshifter communicates the shift pedal operations to the ECU. In return, the ECU removes the load from the transmission to allow up and down-shifts without operating the clutch. The Quickshifter auto-blip functionality guarantees smooth and instantaneous down-shifts, contributing to a stress-free experience for both sporty and long-distance riding. For Fireblade RR-R version only, fitted to SP as standard.

CARBON AIRBOX COVER

08F74-MKR-D10

The Carbon Airbox Cover is made from the same lightweight, high-strength Carbon Fibre used on the RC213V-S. Same shape as the standard part but 25% lighter.

WHEEL STRIPES

08F79-MKR-D10ZA

The Wheel Stripes set incorporates the Honda Racing logo and increases the Racing appearance of the Fireblade.

PROTECTION

FRAME SLIDERS

08P71-MKR-D10

Incorporating feedback from the RC213V works machine, these Frame Sliders can be mounted to the engine hanger bolts for increased bodywork protection.

SPROCKET PROTECTOR

08P77-MKR-D10

Preventing objects from getting caught in the sprocket, this heavy-duty cover will not impair swingarm performance. Designed to conform to circuit regulations, it also increases the Racing appearance of the Fireblade RR-R.

CBR TANK PAD

08P82-MKR-D10

Shaped to match the curves of the Fireblade's tank, this Pad protects the paint from scratches. Flexible and sporty with its carbon-pattern material, the Tank Pad features the CBR logo and is available in Black.

LUGGAGE

REAR SEAT BAG

08L72-MKR-D10

The Rear Seat Bag has an adjustable capacity from 15 up to 22 litres. It features convenient zipped pockets on each side and a carrying handle. A waterproof inner liner and rain cover protect your personal items from the elements. Replacing the pillion seat, its base with fasteners keep the bag perfectly attached yet easy to remove.

TANK BAG

08L71-MKR-D10

The Tank Bag is firmly secured with its fasteners in front of the tank. Its Honda Genuine design perfectly matches the tank shape to provide a 7 litres capacity without impairing the handling of the Fireblade. Features a clear pocket and carrying handle for convenience.

MAINTENANCE

INDOOR BODY COVER

08M72-MKR-D10

Made of a smooth, stretchable material, the bespoke cut of this black Body Cover fits the Fireblade perfectly and will protect it from dust while in storage. For indoor use only (not waterproof) with CBR branding displayed on both the cover and its storage bag.

COMFORT

HIGH WINDSCREEN

08R70-MKR-D10ZA / 08R71-MKR-D10ZA

Developed after wind-tunnel and real-world riding sessions, the High Windscreen combines increased wind protection and improved motorcycle control. Compared to the standard version, the top of the windscreen is 8mm higher and 40mm further forward.

2 versions available:

- 08R70: Smoked
- 08R71: Clear

ALCANTARA RIDER SEAT

08R72-MKR-D10

Made of luxury Alcantara material that provides outstanding soft feel and superb breathability, this seat improves overall riding comfort. Protected with a water repellent finish, the matt texture of the seat and the CBR branding add to the premium feel of the Fireblade.

USB POWER SOCKET

08ESY-MKR-USB

Fitted with a USB Type C connection, this socket automatically determines the optimal charging voltage for connected devices. It comes with a cap preventing dirt or water ingress while not in use.

ACCESSORIES

CBR650R

What does HSTC means?

Since 1992 with the ST1100 “Pan European” model, Honda equipped more of its motorcycles with a system called Honda Selectable Torque Control (HSTC). This system constantly monitors the speed of the front and rear wheels via speed sensors incorporated into the Anti-Lock Braking System (ABS). When the rear wheel begins to rotate significantly faster than the front, the system reduces fuel delivery to the engine and limits rear-wheel slippage. In 2019 with the new CBR650R, Honda applied this technology for the first time to its mid-displacement SuperSport motorcycle. The rider can deactivate it on demand.

PERFORMANCE & DESIGN

QUICKSHIFTER

08U72-MKN-D50

By measuring the intensity of the shifting input, the quickshifter enables the rider to change gear without the need to operate the clutch or shut the throttle. The system aids upshifting to maximise the riding experience.

REAR SEAT COWL

08F72-MKN-D50ZA / 08F72-MKN-D50ZB

Add to the race-inspired look of the CBR650R with this rear seat cowl which directly replaces the pillion seat. An Aluminium insert is also available for a more individual look (Sold Separately)

2 colours available:

- 08F72-MKN-D50ZA Grand Prix Red
- 08F72-MKN-D50ZB Matt Gunpowder Black Metallic

ALUMINIUM FRONT FORK PANELS

08F73-MKN-D50

A pair of high-quality aluminium panels designed to fit around the front fork area of the CBR650R.

ALUMINIUM SIDE PANELS

08F75-MKN-D50

Pair of high quality aluminium side panels which enhance the premium look of this model.

ALUMINIUM SEAT COWL PLATE

08F76-MKN-D50

High quality aluminium plate that can be added to the rear seat cowl to add a unique touch to your CBR650R.

LUGGAGE

TANK BAG

08ESY-MKJ-TKB18

Functional 3-litre Tank bag with stable mountings designed to not disturb the handling of the CBR650. Features a clear pocket on the top for easy smartphone storage and a rain cover is included.

REAR SEAT BAG

08ESY-MKJ-STB18

A simple and functional rear bag specifically adapted to the tapered shape of the rear seat. 15-Litre storage capacity that can be expanded up to 22 Litres and includes a rain cover.

MAINTENANCE

OUTDOOR MOTORCYCLE COVER

08P34-BC2-801

A water-resistant and breathable cover that allows your bike to dry whilst covered. It also helps to protect the paintwork from UV rays.

COMFORT

HIGH WINDSCREEN

08R70-MKN-D10 / 08R71-MKN-D10

Replacement screens offering additional wind protection without compromising visibility. 2 models available:

- 08R70-MKN-D10 Clear
- 08R71-MKN-D10 Smoke

HEATED GRIPS

08ESY-MKN-HG19B

Extremely slim heated grips that provide 360° heat around the grip with smart allocation that focuses heat on the area of the hands most sensitive to cold. 3-step variable heating levels are available and an integrated circuit protects the battery from draining.

ACCESSORIES

CBR500R

Is reliability supposed to be boring?

It's not rare to find some CB500 proudly boasting more than 180,000 miles but the long-time favourite of the couriers and the driving school is much more than a workhorse. Beginning in France in 1996, the CB500 Cup spread across Europe quickly and since 2014 the CBR500R is the bike that young talents try to make a name for themselves. Sebastien Charpentier (Supersport World Champion) and James Toseland (16x Superbike Race Winner) both started their careers this way.

The CBR500R Cup.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute – under any circumstances whatsoever – an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMTC. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.
